#20 by Falis Made with Virt-A-Mate

Previously, in episode 8 ...

But someone was watching us ...

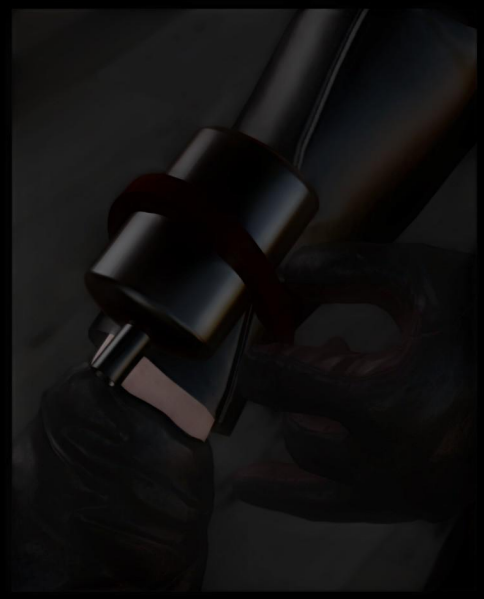
LUST

Now, let's see where he's going ...

Good thing I put this tracker on his car before that girl appeared ...
The car stopped ! It must be his house ...
You're mine, Mister !

Later...
Whoops ! Wrong house ...
Bingo !

Now let's set up the device ...



Oh, my !
What a specimen ...

What the ...

Hush, now !
That's it, go to sleep ...
You belong to us now, meat stick ...

Well, hello, beautiful !
What the fuck is this ? Who are you ?
Hey, langage !
I'm the girl who's going to have sex with your penis !
You had to kidnap me for that ? I'm quite known as sort of an easy boy, you know...
I'm into roleplay, what can I say ?
Where are Amora and Sara ?
Your little girlfriends ?
They're fine ! They're having the time of their lives !
... And so am I !

NOT FAR AWAY, HAVING THE TIME OF THEIR LIVES ...
I need to pee ...
Don't pee on me !
I'm a great pee shooter, you know ... Once, I hit a bucket at a 5 meters distance !
Yeah, yeah ... I saw the video ...
Oh ! you're a fan ?
No ... It's not really my type of content...
But you're a paparazzi, right ?
No, I'm an artist ...
Me too, I'm a life style artist !
If you say so ...
How many millions subscribers have you got again ?
... 0.03, approximatively ...

Not bad, that's only a thousand times less than me ...
Of course, but I must admit it's the first time I've been double stalked ... First by you, then this ... girl.
You're just jealous !
Yeah, I'm sure you've got a lot of fans ... stalkers, even ?
I wasn't stalking you ! And I think that redhead neither !
Jealous ? How many times did you fuck victor ? 3 ? 4 ? I'm in the double digits !
It's not about the quantity, but the quality !
Ironic, considering you"re latest statement ...
Can we stop bickering and find a way to get the hell out off here ?
Yeah, you're right ...
I have an idea ... You still need to pee ?
Of course !

Meanwhile ...

I almost came already !
Now, time for the real stuff ...

Aaaaaahhhh ....

Who are these girls ?
They're just ... friends of mine ...
Now, shut up ...
... and let me cum on your cock !

GUAAAAAAARD !!!
What ?
I need to pee ...
... And ?
Can you bring me that bucket ?
Here ...

Go on, I'm not gonna hold it all day !

OK !

NOW !

Very nice ... You're a good meatstick!
I am what ?

RHÂÂÂÂÂÂ !!!
Ok, girls ... Send the next one in !

That'll shut him up ...

Shhhh ! Look !
HAHAHHAHA !
What a stupid meat stick ! You're at their mercy !
Now, THAT's quality entertainment !
Not like all that androphile crap you see everywhere ...

Follow me ... I know how to do a chokehold ...
Nice!

But how ?
I learned it for a tak-tak video ...

TAK TAK
AH AH ! Amora's so cool !

Too bad she's actually a man-loving whore ..

I might be Man-loving, but mostly ...

I'm bitch hating !

Look !
I know how to use these ..
How ?
I was a war photographer for a while ...

How much more time will you keep me here ?
Well ... That depends on how long you can last...
... And the number of participants ...
What !?
Yeah ...
We have a bunch of ladies waiting beyond this door ...
... And they 're all eager to meet you !
You can't do this !
We can do anything we want, meat stick ... You're just a sex object to us ...
I cant wait to get on that !
A new moon has risen... No man shall refuse himself to a woman anymore...
